

Group Therapy at TCS

Group therapy can be a powerful, highly effective way to learn new skills and address personal concerns while receiving support and feedback from peers. Students have the opportunity to gain personal insight, practice change, and connect with others. Groups at TCS are led by knowledgeable therapists who facilitate the growth of each individual member in addition to the group as a whole.

Types of Groups and How to Join

Skills-based psychoeducational groups primarily involve learning and practicing various skill sets to develop psychological wellbeing.

Interpersonal process groups often focus on sharing and connecting with peers, while exploring various topics.

Sign-up groups require registration and members are asked to commit to attending for the full length of the group. The duration of each sign-up group varies but is often at least one semester. To join a sign-up group, students must go through Walk-In Clinic and attend a group screening appointment, in which the group therapists and student determine if the group is an appropriate fit for the student's needs. Students do not need to be enrolled in individual services to join a sign-up group; however, some sign-up groups require that members also participate in individual therapy.

*Groups are cancelled when TCS is closed.
